Reuteri Restore Bowel-Balance Probiotic

Non-GMO, dairy-, soy-, and gluten-free

- Potent 2.5 billion CFU of foundational *L. reuteri* single strain
- Key probiotic in the spectrum of breast milk providing infants with immune protection
- *L. reuteri* diminishes over time due to poor diet, environmental toxins, stress, and antibiotic use
- Reduction of *L. reuteri* is correlated with increases in incidences of inflammatory diseases and may be linked with higher occurrences of gastrointestinal illnesses
- Refrigerated and GPS™ enteric-coated capsules to deliver the full 2.5 billion cells expected
