NPN 80113790

ISO 17025  
Laboratory-Tested  
Clean, Toxin-Free

30 Plastic-Free  
Enteric-Coated  
Vegetable Capsules

Up to 80% of immune function originates from the intricate relationship between the gut microbiome and the body's innate immune system. Passed on during birth and via breast-feeding, *Limosilactobacillus reuteri* is a driving force in foundational gut function and immune development. Maintaining strong numbers of *L. reuteri* is key as research has demonstrated a decrease in *L. reuteri* within the gut microbiome may be linked with higher occurrences of gastrointestinal illness. A reduction of *L. reuteri* can also lead to an increased incidence of inflammatory illness.

Unfortunately, factors such as poor diet, environmental toxins, alcohol consumption, stress, and the prevalence of antibiotics diminish numbers of delicate, immune-enhancing probiotics.

*Reuteri Restore* delivers a potency-validated 2.5 billion live, active cells per enteric-coated capsule.

## **Reuteri Restore**

Each GPS™ natural water-based enteric-coated vegetable capsule protects contents from stomach acid and delivers 100% potency of the following strain of live, active, healthy, and whole cells (2.5 billion) to the intestines:

Dairy Strain:

*Limosilactobacillus reuteri* UB4772. .... 2.5 billion CFU  
Vitamin C (ascorbic acid) .... 6 mg  
CFU = Colony-Forming Unit. Potency guaranteed at date of expiry.

### **Other ingredients:**

Arabinogalactan, inulin, non-GMO potato starch, vegetable magnesium stearate, and non-GMO potato maltodextrin in a non-GMO GPS™ capsule (medium-chain triglycerides, sodium alginate, oleic acid, stearic acid, ethylcellulose, hypromellose, and purified water).

### **Directions of use:**

**Children, adolescents, and adults (6 years and over):** Take 1 capsule daily or as directed by your health-care practitioner. If you are taking antibiotics, take this product at least 2–3 hours before or after them.

#3571 · 60 capsules · #3036 · 30 capsules · V0754-R3 · NPN 80135115
